The reply filed on October 22, 2004 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s):

Applicant has not responded to the second rejection under 35 U.S.C. 112, second paragraph, on page 10 of the Office Action and the amendment to the claims does not address the rejection because the claims continue to recite that the precursor cells have the ability to differentiate into "neuronal cells or glial cells" which renders the potentiality (multipotent or unipotent) of the precursor cells ambiguous. See 37 CFR 1.111(b) which provides that applicant must reply to every ground of objection and rejection in the prior Office Action.

Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. **EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).** In no case may an applicant extend the period for response beyond the six month statutory period. Direct the response to the undersigned.
